

**IN THE CLAIMS:**

Please amend the claims in accordance with the following:

1. (PREVIOUSLY PRESENTED) A headwear comprising  
a head receiving portion including a first stretchable fabric made of high twist yarn, the high twist yarn being twisted over 800 times per meter;  
a sweat band peripherally attached to the inside of the head receiving portion; and  
a shape tape attached to the head receiving portion along a lower edge of the head receiving portion, the shape tape having a free upper portion not attached to the head receiving portion or the sweat band, wherein lower end portions of the head receiving portion and the sweat band are wholly pressed and stitched together with a stretchable yarn, along the lower edge of the crown.
2. (ORIGINAL) The headwear as claimed in claim 1, wherein the head receiving portion is a crown of a hat or a cap for covering a head, the crown having panels of the first stretchable fabric, the panel being stitched to form the crown.
3. (CANCELLED)
4. (PREVIOUSLY PRESENTED) The headwear as claimed in claim 1, wherein the first stretchable fabric is one selected from a group comprising a woven fabric, knitted fabric and non-woven fabric.
5. (PREVIOUSLY PRESENTED) The headwear as claimed in claim 1, wherein the first stretchable fabric includes the high twist yarn as weft.
6. (ORIGINAL) The headwear as claimed in claim 1, wherein the sweat band includes a band core for softly pressing a head and a second stretchable fabric for partially covering the band core against the head.
7. (ORIGINAL) The headwear as claimed in claim 6, wherein the second stretchable fabric includes high twist yarn.

8. (ORIGINAL) The headwear as claimed in claim 7, wherein the second stretchable fabric includes an elastic material therein.

9. (ORIGINAL) The headwear as claimed in claim 6, wherein the band core includes at least one selected from a group comprising woven fabric, knitted fabric, non-woven fabric and resin foam.

10. (ORIGINAL) The headwear as claimed in claim 9, wherein the band core includes an elastic band layer and a polyurethane foam layer.

11. (ORIGINAL) The headwear as claimed in claim 6, wherein the band core and the second stretchable fabric are stitched with a stretchable yarn.

12-14. (CANCELLED)

15. (PREVIOUSLY PRESENTED) The headwear as claimed in claim 1, wherein the head receiving portion is a separate element from the shape tape.

16. (CURRENTLY AMENDED) The headwear as claimed in claim 1, wherein the shape tape has a free upper top portion that does not contact the head receiving portion or the sweat band.
